Note¹: Request: "Late last year I requested information from the CPD regarding bicycle-related ordinance violations. The CPD helpfully responded with the numbers of bike citations in 10 different categories from 2006 through September 22 of 2016. (FOIA file number PO53979). I am following up by asking for the data behind these numbers for each statute violation, specifically.

- The name of the person ticketed
- The address at which the ticket was given
- The ward
- the violation number
- the fine
- if there was an arrest
- The geo code (if available)
- A description of the violation
- The race and gender of the individual ticketed"

Note²: The following data related to this request is not available: ward, fine, whether there was an arrest, geo code, and race and gender of the individual ticketed.

Note³: Data is limited to adult subjects. Juveniles and records without a birthdate are not included in this report.
